### Corporate Event

Trapdoor offers a 1-2 hour team-building activity, specifically designed for larger groups. Divided into teams, groups must move between stand-alone puzzles stations. Limited time at each station puts the pressure on teams to communicate and coordinate their efforts efficiently, solving each puzzle to earn a token and be the team to defeat the most stations. We bring this activity to your location. It requires a space that can accommodate the size of the desired group. Group maximum: 50.
